Updates

- We will be offering expanded options for Institutional and Affiliate Candidate libraries that were not eligible for participation under the previous program constraints.
- All current and future institutions have the option to expand their borrowing agreement to include these new member categories. They may also choose to maintain their current membership agreement.
- All current participating institutions will be asked to update your agreement through the Library Profile Form, in order to:
 - ❖ Designate if they will opt into the expanded program
 - ❖ Provide more detailed contact information to better assist both participating institutions and patrons
